This was the first time the Eagle Award had been made in Mountain City.

Elmer Hawkins, Scout Executive of the Sequoyah Council in Johnson City, was in charge of the Eagle Award Ceremony.

Don was also recipient of another high honor in Scouting while on the staff at Scout Camp Tom Hawkins this summer. He was tapped out and received into the Order of the Arrow at a very impressive Campfire Ceremony.

Don is a member of Pahokee Troop No. 23 and is an order worker in that group. The Pahokee Rotary Club sponsors the Pahokee troop. Don attended the National Jamboree held at Valley Forge, and reported on his trip to the Rotarians.

## Hillier Will Build Belle Glade School

Contract for construction of a new high school at Belle Glade was awarded to Don Hillier and Son of Pahokee at Tuesday's meeting of the county school board. The contract price was \$360,143.60.

Mr. Hillier said Thursday that work will start just as "soon as material can be assembled on the ground." It is hoped that actual construction can be started within ten days, Mr. Hillier said.

The building will include eight classrooms, two science rooms, a library study hall, administration section teachers' lounge, combination gymnasium and auditorium and a book storage room, he said.

The bid by the Pahokee contractor was low among five bids submitted.

## Little Devils Suffer 16-0 Defeat By Rams

The Belle Glade Junior High football team rammed its way to a 26 to 0 victory over Coach Leland Keene's "baby Blue Devils on Lair Field Thursday night of last week. The featherweight Pahokee lads simply couldn't hold the heavier junior Rams who marched downfield almost at will, scoring a touchdown in each the first and second quarters and two more in the third.

This was a return game for the two teams, the Belle Glade Juniors defeating Pahokee by almost as decisive a score on the Belle Glade field earlier in the season. The Little Rams are coached by Calvin Peacock, one of the top backfield stars in Pahokee Blue Devil football history.

## Blue Devils Travel To Stuart Tonite For Suncoast Tilt

The Pahokee Blue Devils will travel to Stuart this Friday night to engage the Tigers in a Suncoast Conference game.

The Blue Devils, with a 5-4 record to date, will be evenly matched with the Stuart eleven which in seven tries has won only one game, downing Pompano, 31-6, early in the season. Coach Dub Kendrick is expecting a rough time with the Tigers and has cautioned his men to keep a sharp eye on the Tigers' running tailback, Frank Frangella, and their passing back, Leland Johns.

Kendrick announces his Quarterback Tommy Elliott has a severe back injury that will keep him from playing the rest of the season and he is training Buddy Hewell to replace Elliott. End Bobby Carlton was unable to practice this week because of a pulled back muscle but is expected to see some action in the Stuart contest.

The game is expected to be a tossup, with victory going to the team getting the most breaks.

The Catfish gave the Blue Devils quite a jolt at Okeechobee last Friday night when they nosed ahead of the Pahokee eleven, 21-20, in the closing minutes of the game. Carney Wilder, passing to Bobby Schroder, Hal Rosenberg and Bob Carlton, sparked the Blue Devil comeback drive in the last four minutes that moved the ball 60 yards downfield to the Okeechobee 6 where Bill Hatton tore through right tackle for the winning touchdown, the final score being 27-21.

## News Notes From State Capital

**TALLAHASSEE**—The political ferment here at the capital bubbled only slightly this week, chiefly on what the new political contribution means or can do. Brasley Odham of Sanford, officially announced candidate for governor, blasted potential opponents who, he said, have set up headquarters and are beating the bushes but won't comply with the law. Minor candidates for governor brushed off the campaign law, saying on one would enforce it. Secretary of State R. A. Gray and Attorney General Richard W. Ervin tried manfully to bring public under-

standing of the law's quirk, but both seem to agree that enforcement of the law is in someone else's hands. Newspaper and radio stations meantime were advised, at Daytona Beach where the Associated Dailies met, and in St. Petersburg with the Florida Association of Broadcasters, that the new law does not prevent individuals from sponsoring and paying for advertising on behalf of candidates, so long as the sponsor is known and he acts in good faith independently of the candidate.

**TALLAHASSEE**—O. Earle Frye has been moved up to the position of assistant director of the State Game and Fresh Water Fish Commission, a position formerly held by Director Ben McLauchlin. The state has been divided into five districts, each with a director. The move simply re-assigned personnel to effect better operations, said the announcement, and involved no new personnel.

**TALLAHASSEE**—Two Jacksonville lawyers threatened with disbarment told the supreme court that the charges were "fictitious, fraudulent and perjured" and "perjured" and asked the court to squash them. The attorneys, Evan T. Evans and Will O. Murrell, Sr., were charged with unethical practice by the Florida Bar, and must appear before the supreme court in answer.

**TALLAHASSEE**—Installation of an aircraft spotter system and radio communication for the state civil defense program was assured when the cabinet agreed to give \$20,000 out of available funds to Col. R. J. Howie, civil defense state head. The money is contingent on final approval by Governor Warren. The 1951 Legislature gave only \$25,000 a year for this purpose. Colonel Howie said in view of the grave international situation, Florida must be prepared for any emergency.

**TALLAHASSEE**—Advertising of county school board purchases of automobile tires will be ended if the state carries through a plan to let all counties pool their buying. The state cabinet has agreed to try out a plan first advanced by Rep. John McFarlin of Marianna, by which school boards would send in their requirements to the state, which would determine from whom to get bids. The State Road Department reported that a similar plan is being worked for the county commissions, who can buy

through the state instead of advertising for low bids as individual counties. Local dealers in each case handle the delivery.

**TALLAHASSEE**—Another airplane has been added to the Florida Forest Service equipment to be used in spotting fires in time to work on them when they are small. Jack Clarkson of Tallahassee, World War II pilot, and just returned from another tour of air force duty, will be the forest service pilot, working out of Panama City and flying over 10 western Florida counties. The plane carries two-way radio, will coordinate with towers and ground crews.

## Former Resident Is Found Dead In WPB

Robert J. Hyatt, 55, former Pahokee resident, was found dead in rooms at 311 S. Poinsettia Ave., West Palm Beach, Tuesday night, apparently taking his own life by suicide, the cause of his death attributed to an overdose of sleeping pills, according to investigating officers. The body was discovered by his sister, Mrs. Winn Duncan, when Mr. Hyatt failed to appear for work at her husband's radio shop where he was employed.

Mr. Hyatt and his mother lived in Pahokee for several years. He was employed as stock clerk at Boe's and they lived in one of the Boe cottages at the rear of the store. His mother died shortly after they moved to West Palm Beach a few years ago.

## Harvest Dance Is Planned By BPWC

Plans to sponsor a Harvest Dance at the Elks Hall on Saturday night, Dec. 1, were completed by members of the Everglades Business and Professional Woman's Club at a meeting at the home of the president, Mrs. Doris Sasser, Tuesday night. The dance will start at 10 p. m. and end at 1:30 a. m., with The Stardusters, a newly organized local ninepiece orchestra, to furnish the music. Admission will be \$2.50 a couple and proceeds will be for the benefit of the City Library.

Mrs. Elsie Sims, vice president, who attended the meeting of the district executive board in Boynton Beach Sunday, reported that Mrs. Sasser, the local club's president, was nominated for the office of district director at the meeting.

Miss Gloria Henderson and Mrs. Helen Larimore were welcomed as new members.

It was announced the club will hold a social meeting at the home of Mrs. H. M. McIntosh on Nov. 20, with Miss Julia Mathis and Mrs. Johnnie Davis to act as hostesses and Mrs. Faye Abing to present the program.

Leonard B. Miller of Granby, Conn., will arrive this Friday to spend the season here with his sister-in-law, Mrs. George B. Ramey, and family.

**SARASOTA**—Expanding its program into the 40 counties which have no active units was set as a goal recently by the board of directors, Florida division, of the American Cancer Society.

The board named Mrs. O. B. Carr, of West Palm Beach, as volunteer state commander to head this project. Elections for the executive committee and board of directors were also conducted by the group.

## "Talks Turkey" —Long Distance

Some people chuckled when Sonny Fisher rented a home recording machine to record the noise his flock of turkeys make.

"I sent the recording to a buyer for a super-market chain," Sonny said. "I told them 'My turkeys speak for themselves—listen to this record!' They not only took my birds, but bought the record!"

"Why did they want the record?" I asked him. "Very simple," he says. "They're going to play it over the loud speakers in their stores—and then an announcer on another record reminds the cus-

tomers that turkeys are plentiful and a good buy."

From where I sit, it's not always smart to make fun of someone just because he does things a little differently. I think a glass of beer is the most refreshing beverage there is. You—or Sonny—may prefer something else. But who's to decide one's right and the other's wrong? Let's stay "on record" that everyone's entitled to his own tastes and opinion.

## TELEPHONE SERVICE IS GROWING, TOO

... and the price is up far less  
than most things you buy!

So Big in Service  
... So Little in Cost

"GOODNESS, how he's grown!" And you could say the same about telephone service during the short time since his babyhood.

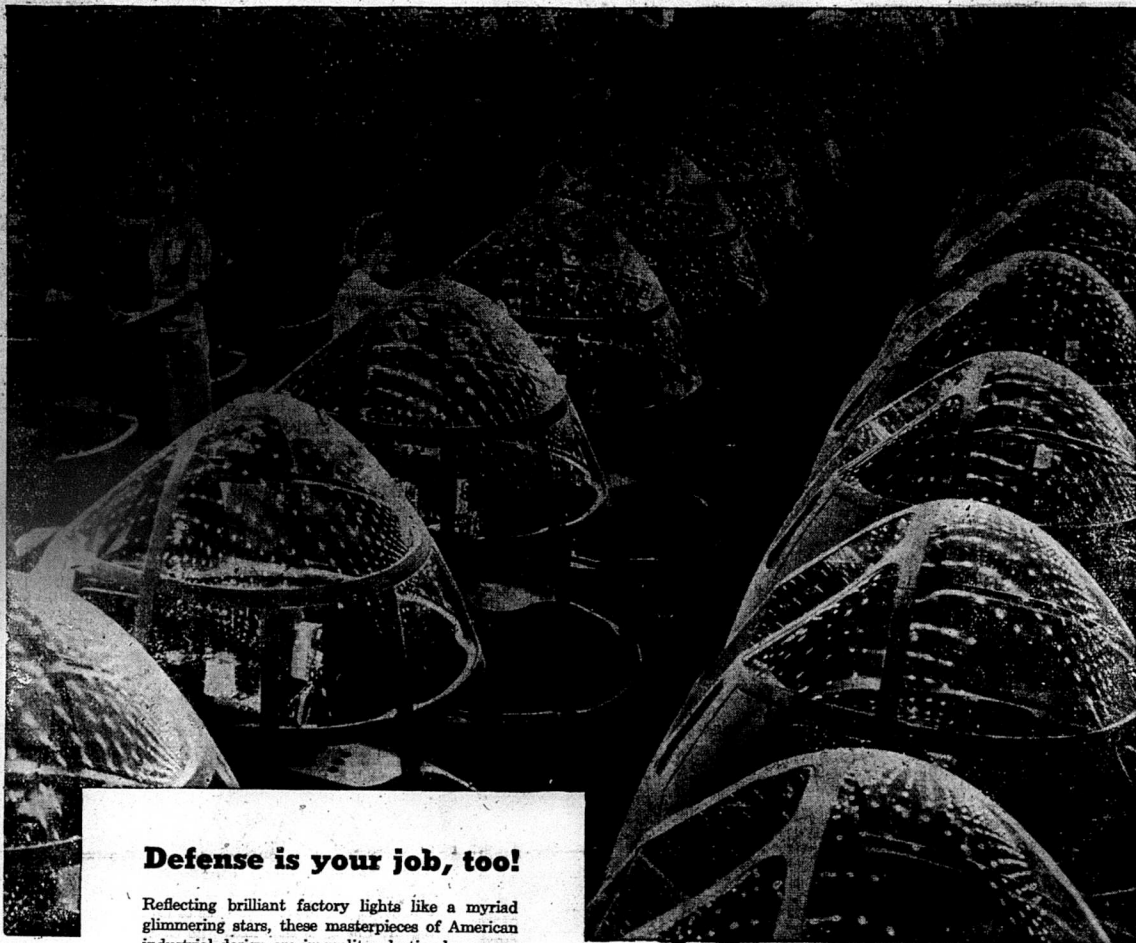

ACTUALLY, in just five years the number of local telephones Floridians can call has more than doubled. And this year's increase in Florida telephones is expected to reach about 51,000.

BEST OF ALL, this bigger, better "package" of service has gone up in price less than a fourth as much as prices in general ... and less than our cost of providing the service.

ALWAYS one of your biggest bargains, telephone service is today an even better buy than it was ten years ago, and a smaller part of your family budget.

## Christian Science Group Of Canal Point

The great contrast between the mortal, material man, and spiritual man, made in the image and likeness of God, will be the theme of the services in all Christian Science churches next Sunday when the subject is 'ADAM AND FALL-EN MAN.'

The Golden Text is from Paul's epistle to the Ephesians: "Ye were sometimes darkness, but now are ye light in the Lord: walk as children of light: ... proving what is acceptable unto the Lord." (Ephesians 5:8, 10)

Bible passages include the following from I John (3:10): "In this the children of God are manifest, and the children of the devil: whosoever doeth not righteousness is not of God, neither he that loveth not his brother."

Correlative passages from 'Science and Health with Key to the Scriptures' by Mary Baker Eddy include: 'The rich in spirit, help the poor in one grand brotherhood, all having the same Principle, or Father; and blessed is that man who seeth his brother's need and supplieth it, seeking his own in another's good' (p. 18).

## SOIL INFESTING INSECTS

The soil infesting insects which can be controlled by chlordane formulations include wireworms, Japanese Beetle Larvae, white fringe beetle larvae, mole crickets, cutworms, white grubs, southern corn rootworms larvae, cranberry rootworm, onion maggot, and cabbage maggot.

These insects damage a very wide variety of crops such as corn, tobacco, potatoes, beans, beets, tomatoes, sugar cane, cabbage, cauliflower, radishes, turnips, celery, onions, broccoli, egg plant, and spinach. Japanese Beetle Larvae usually attack grass and turf areas, and they are also a serious nursery pest.

Depending upon the specific soil insect, chlordane formulations can be applied by one of the following methods:

- 1) Dust or spray applied to the surface of the ground.
- 2) Dust or spray applied to the top few inches of the soil.
- 3) Dust applied as a ring around newly transplanted plants.
- 4) Water emulsions or wettable powders applied to transplant water.
- 5) Dusts combined with fertilizer and applied to the soil.

For complete details, ask your County Agent, Farm Advisor or write to VELSICOL for chlordane bulletins.

## It has a Way with Women

SOMETIMES we think that too little attention is given to the fair sex in automobile advertising.

After all, it's the woman of the house who has to do most of the shopping, which involves getting into tight places at the curb. And it's surprising what tight spots a Buick can fit into at a turn of the wheel.

It's the woman who likes complete freedom from things that it takes an engineer to operate—and a complete and utter freedom from mechanical complications is exactly what makes Dynaflo Drive\* such a joy.

It's the woman who has an eye for style and fine fabrics—and a nose for economy. On both counts, a Buick is tops.

But we suspect something else. We suspect that a woman gets just as great a lift as a man from commanding this great-powered and trigger-quick bundle of vitality to bow to her will.

Here's a car to win any woman's heart—by its level-gaited stride—its willing response to her hand on the wheel—its smart

style and its smart performance—its spaciousness and comfort—and its thrift.

How about taking time off, some afternoon, to boss around a Buick? It's a date that's bound to thrill you.
